Minutes

- **Review of RFI Responses:** Steve Sharp indicated that 4 responses were received by VCGI by the 3PM deadline on 5/19/2014. They includes submissions from (<http://vcgi.vermont.gov/rfps>)
 - Environmental Systems Research Institute (ESRI)
 - Fountains Spatial
 - Sewall
 - Stone Environmental

Steve reviewed all four submissions, and indicated that many include helpful insight that could help the EGC Open Data Workgroup clarify and improve the requirements and specifications. He also indicated that the cost estimates varied, but that most fell in the \$50K-\$100K range.

Steve indicated that “next steps” are unclear at this time. Given VCGI’s transition into State government (a Division within the Agency of Commerce and Community Development) on July 1st, the VCGI Board is unlikely to act upon any request to authorize a budget and release of an RFP. VCGI will need to work with ACCD to determine next steps.
